There were no intra-entity profits in connection with the sale of residential mortgage loans to us recognized by Arc Home during the three months ended September 30, 2026.

Economic Leverage Ratio[8]

The calculation in the table below divides GAAP Leverage and Economic Leverage by our GAAP stockholders' equity to derive our leverage ratios. The following table presents a reconciliation of our GAAP Leverage ratio to our Economic Leverage ratio ($ in thousands).

September 30, 2026	Leverage	Stockholders' Equity	Leverage Ratio
Securitized debt, at fair value[a]	$ 6,142,264

Economic Leverage	$ 1,032,738	$ 522,825	2.0x

(a) Securitized debt, at fair value is non-recourse to us.
(b) Financing arrangements and senior unsecured notes are recourse to us.

Footnotes

(1) Book value is calculated using stockholders' equity less the liquidation preference of our cumulative redeemable preferred stock of $228.0 million.

(2) The economic return on equity represents the change in book value per share during the period, plus the common dividends per share declared over the period, divided by book value per share from the prior period.

(3) Diluted per share figures are calculated using diluted weighted average outstanding shares in accordance with GAAP.

(4) We define EAD, a non-GAAP financial measure, as Net Income/(loss) available to common stockholders excluding (i) (a) unrealized gains/(losses) on loans, real estate securities, derivatives and other investments, inclusive of our investment in AG Arc and Arc Home's net mortgage servicing rights, and (b) net realized gains/(losses) on the sale or termination of such instruments, (ii) any transaction related expenses incurred in connection with the acquisition, disposition, or securitization of our investments, (iii) the income tax effect on non-EAD income/(loss) items, and (iv) certain other nonrecurring gains or losses. Items (i) through (iv) above include any amount related to those items held in affiliated entities. EAD includes the net interest income and other income earned on our investments on a yield adjusted basis, including the net interest component of interest rate swaps, TBA dollar roll income/(loss), or any other investment activity that may earn or pay net interest or its economic equivalent. Additionally, EAD includes the net operating income/(loss) from Arc Home. Transaction related expenses are primarily comprised of costs incurred prior to or at the time of executing our securitizations and acquiring or disposing of residential mortgage loans. These costs are nonrecurring and may include underwriting fees, legal fees, diligence fees, and other similar transaction related expenses. Recurring expenses, such as servicing fees, custodial fees, trustee fees and other similar ongoing fees are not excluded from earnings available for distribution. Management considers the transaction related expenses and income taxes related to non-EAD income/(loss) items to be similar to realized losses incurred at the acquisition, disposition, or securitization of an asset and does not view them as being part of its core operations.

(5) The Investment Portfolio consists of Residential Investments, Agency RMBS, and Legacy WMC Commercial Investments, all of which are held at fair value. Financing is inclusive of Securitized Debt, which is held at fair value, Financing Arrangements, and Senior Unsecured Notes. This press release excludes investments held through AG Arc LLC unless otherwise noted.

(6) Net interest margin is calculated by subtracting the weighted average cost of funds on our financing from the weighted average yield for our Investment Portfolio, which excludes cash held.

(7) We invest in Arc Home LLC, a licensed mortgage originator, through AG Arc LLC, one of our equity method investees. Our investment in AG Arc LLC represents a 66.0% ownership interest as of September 30, 2026.

(8) We define GAAP Leverage as the sum of (1) Securitized debt, at fair value, (2) Financing arrangements, net of any restricted cash posted on such financing arrangements, (3) Senior Unsecured Notes, and (4) the amount payable on purchases that have not yet settled less the financing remaining on sales that have not yet settled. We define Economic Leverage, a non-GAAP financial measure, as the sum of our GAAP Leverage, exclusive of any fully non-recourse financing arrangements, and our net TBA position (at cost), if any. Our leverage does not include any financing utilized through AG Arc.

(9) Total liquidity includes $56.7 million of cash and cash equivalents and $28.0 million of available committed financing. As of September 30, 2026, we pledged residential mortgage loans in which the Company has no outstanding financing but has $28.0 million of available financing which is contractually committed.

Footnotes

1. Book value is calculated using stockholders' equity less the liquidation preference of our cumulative redeemable preferred stock of $228.0 million.
2. The Investment Portfolio consists of Residential Investments, Agency RMBS, and Legacy WMC Commercial Investments, all of which are held at fair value. Financing is inclusive of Securitized Debt, which is held at fair value, Financing Arrangements, and Senior Unsecured Notes. Throughout this presentation where we disclose the financing related to our Investment Portfolio, we have presented this information exclusive of our Senior Unsecured Notes. This presentation excludes investments held through AG Arc LLC unless otherwise noted.
3. Total liquidity includes $56.7 million of cash and cash equivalents and $28.0 million of available committed financing. As of September 30, 2026, we pledged residential mortgage loans in which the Company has no outstanding financing but has $28.0 million of available financing which is contractually committed.
4. We define GAAP Leverage as the sum of (1) Securitized debt, at fair value, (2) Financing arrangements, net of any restricted cash posted on such financing arrangements, (3) Senior Unsecured Notes, and (4) the amount payable on purchases that have not yet settled less the financing remaining on sales that have not yet settled. We define Economic Leverage, a non-GAAP financial measure, as the sum of our GAAP Leverage, exclusive of any fully non-recourse financing arrangements, and our net TBA position (at cost), if any. Our leverage does not include any financing utilized through AG Arc.
5. The economic return on equity represents the change in book value per share during the period, plus the common dividends per share declared over the period, divided by book value per share from the prior period.
6. The yield on our investments represents an effective interest rate, which utilizes all estimates of future cash flows and adjusts for actual prepayment and cash flow activity as of quarter-end. The calculation excludes cash held by the Company and excludes any net TBA position. The weighted average yield is calculated based on the amortized cost of our outstanding Investment Portfolio at quarter-end.
7. The cost of funds at quarter-end is calculated as the sum of (i) the weighted average funding costs on recourse financing outstanding at quarter end, (ii) the weighted average funding costs on non-recourse financing outstanding at quarter end, and (iii) the weighted average of the net pay or receive rate on our interest rate swaps outstanding at quarter end. The cost of funds is calculated based on the amortized cost of our outstanding financing at quarter-end.
8. Diluted per share figures are calculated using diluted weighted average outstanding shares in accordance with GAAP.
9. We define EAD, a non-GAAP financial measure, as Net Income/(loss) available to common stockholders excluding (i) (a) unrealized gains/(losses) on loans, real estate securities, derivatives and other investments, inclusive of our investment in AG Arc and Arc Home's net mortgage servicing rights, and (b) net realized gains/(losses) on the sale or termination of such instruments, (ii) any transaction related expenses incurred in connection with the acquisition, disposition, or securitization of our investments, (iii) the income tax effect on non-EAD income/(loss) items, and (iv) certain other nonrecurring gains or losses. Items (i) through (iv) above include any amount related to those items held in affiliated entities. EAD includes the net interest income and other income earned on our investments on a yield adjusted basis, including the net interest component of interest rate swaps, TBA dollar roll income/(loss), or any other investment activity that may earn or pay net interest or its economic equivalent. Additionally, EAD includes the net operating income/(loss) from Arc Home. Transaction related expenses are primarily comprised of costs incurred prior to or at the time of executing our securitizations and acquiring or disposing of residential mortgage loans. These costs are nonrecurring and may include underwriting fees, legal fees, diligence fees, and other similar transaction related expenses. Recurring expenses, such as servicing fees, custodial fees, trustee fees and other similar ongoing fees are not excluded from earnings available for distribution. Management considers the transaction related expenses and income taxes related to non-EAD income/(loss) items to be similar to realized losses incurred at the acquisition, disposition, or securitization of an asset and does not view them as being part of its core operations.
10. We invest in Arc Home LLC, a licensed mortgage originator, through AG Arc LLC, one of our equity method investees. Our investment in AG Arc LLC is $45.7 million as of September 30, 2026, representing a 66.0% ownership interest.
